EMPLOYMENT

Content Author

Missouri University of Science and Technology, Missouri, USA • 09/2022 – Present

Responsibilities:

- Create, edit, and curate business and technical documentation in liaison with other staff members.
- Train and mentor staff members to use the *Terminal 4* Content Management System.
- Write and publish content for the Kummer Center for STEM Education's microsites.
- Use the T4 Content Management System (CMS) to manage and maintain—edit, expand, and revise—the Kummer Center for STEM Education's microsite.

Graduate Teaching Assistant

Missouri University of Science and Technology, Missouri, USA • 08/2022 – Present

I assumed all the roles of the class' active professor for the Eng 1120 Exposition and Argumentation and TCH COM 3560 Technical Writing courses.

Responsibilities:

- Hold office hours to meet with and counsel students.
- Teach, research and assign materials as necessary.
- Proctor and grade quizzes and homework.
- Perform assigned duties to assist professors, the department head, and other faculty members.
- Redesigned TCH COM 3560 under faculty supervision to improve the course's learning outcome and experience.

Head of Products

Nestuge, Enugu, Nigeria • 08/2019 – present

From the idea stage, I led the product development of the SaaS Nestuge until now with over 1,500 live users.

Responsibilities:

- Developed the user experience framework of the product.
- Supervised and managed product design and development.
- Closely worked with the engineers during the product development stage.

- Planned, developed goals and questions for, and conducted user interviews.
- Used insights from competitive audits to inform Ideation.
- Integrated design findings with the marketing department to maximize profitability.
- Sketched and prototyped wireframes and mockups.
- Defined problem statements, crafted user stories and modeled user journey maps based on user research.

Co-founder

Nestuge, Enugu, Nigeria • 08/2019 – present

I made key conception, development, and strategization decisions on the Nestuge executive management board.

Responsibilities:

- Managed and documented the company's finances including budgeting, expenditure and revenue.
- Hired and managed employees, establishing operational processes, and ensuring the startup runs smoothly.
- Ensured company operates within legal and regulatory frameworks.
- Adapted and addressed business challenges that face the SaaS startup.

Lead Summer Camp Counselor

Missouri University of Science and Technology, Missouri, USA • 06/2023 - 08/2023

I supervised counselors and assisted camp directors in running camp operations to positively impact campers' experience.

Responsibilities:

- Implemented swift technical documentation and communication at each camp.
- Prepared camp, campers, counselor, and staff data for each camp.
- Supervised camp counselors.
- Supervised camp activities.
- Ensured campers safety and wellbeing.
- Documented feedback from staff, parents, counselors, and campers.

Geology Intern

Challion Integrated Services Ltd. , Ebonyi state, Nigeria • 03/2018 – 10/2018

Responsibilities:

- Used electrical geophysical methods to investigate faults in the Southern Benue Trough.
- Interpreted VES data and characterized Lead-Zinc ore-bearing faults in probed locations.
- Assisted in managerial administration.

Geoscience Intern

Imperial Barrel Award (IBA); Basin Evaluation Competition (BEC), University of Nigeria, Nigeria • 09/2019–02/2020.

Responsibilities:

- Reconstructed the regional tectonic and geologic framework of the Barents Sea basin.
- Interpreted fault systems and sediment stratigraphy using 3-D seismic reflection data.
- Conducted petrophysical analysis with provided data for insights into the hydrocarbon-in-place in the covered area.
- Correlated lithologies and structures across 9 well logs.
- Analyzed the sequence stratigraphy of deposits in quest for the petroleum plays in the area.
- Analyzed core samples from the basin for lithologic and paleogeographic reconstruction.

Teacher, National Youth Service Corps

Comprehensive Secondary School, Idu-Uruan , Akwa-Ibom state, Nigeria • 03/2020 – 03/2021.

Responsibilities:

- Taught geography and math to over 300 senior and junior students.
- Researched, developed and delivered lessons to students.
- Recorded and analyzed students' daily attendance to school.
- Recorded students' academic performances and compiled their results.
